An Excellent Internet Marketing Tool For Your Business - “Virtually Real”  
High resolution 360 degree interactive photography and full screen virtual tours

## New virtual tour for Arkaroola Wilderness Sanctuary

We recently returned from the glorious Arkaroola Wilderness Sanctuary, one of our favourite places on earth. Arkaroola have refurbished all of their lodges, cottages and facilities, all looking great, so we photographed the rooms to show the very comfortable accommodation which awaits you on your next visit to Arkaroola. Well done Marg, Doug and Amanda, really enjoyed our latest visit :)

Turn up the music and enjoy the [new virtual tour](#) which is linked to the main tour and is already receiving a very large number of 'virtual visitors' each month.

## New! Self Drive Virtual Tours for demonstrations

Do you want to show your virtual tour on a big screen in your premises?  
Or advertise your business at a tourism or community event, or a trade fair?

Share

Or be able to demonstrate your facilities at conferences or customer meetings?

Now you don't have to sit there pushing the thumbnails to show each different view. Let us make a copy of your existing or new virtual tour and produce a self-driving demonstration version which will automatically display each view of your tour in a continuous sequence. Everything else will look the same. So you can just start it up wherever you want people to see it, then do other things.

We already have customers waiting for this new feature and we're pretty excited about being able to do it now. The self drive virtual tours run over the internet, or without the internet, or from a memory stick for convenience when travelling.

Please contact Chas on 0417 803 260 or email us at [tours@georama.com.au](mailto:tours@georama.com.au)!

## Have you been to Deep Creek Conservation Park?

Immerse yourself in nature along an extensive network of walking trails that reveal the beautiful bushland and rugged terrain of Deep Creek, Talisker and Newland Head Conservation Parks.

Deep Creek is the largest remaining block of wildlife habitat on the Fleurieu Peninsula and is home to a many species of native wildlife. Look out for western grey kangaroos, short-beaked echidnas or some of the 100 bird species that can easily be heard or seen when walking in the park. The walking trails also provide spectacular scenery of the Backstairs Passage, Kangaroo Island and the rugged Deep Creek valley. After a day of exploring, why not extend your stay under the stars at one of the five campgrounds or relax in one of the private cottages or retreat accommodation options located in the park.

Visit Deep Creek, Talisker and Newland Head Conservation Parks from the comfort of your armchair via the [virtual tour](#) we did recently for ParksSA.

## Are you an investor or looking for a lifestyle change?

A lifestyle change in the Opal City at 1121 Harlequin Drive, Coober Pedy. \$249,000 - Phone 0447 173 603 or email rowntreeopal@bigpond.com.

Are you an investor or perhaps looking for a complete change? This large, beautiful and very comfortable dugout home is for sale in Coober Pedy, with views looking over the town. No need to jump in your car - you can tour the house right here. Have a look! <http://georama.com.au/cooberpedyrealestate>

## Georama is now on Facebook :)

We've had a busy few weeks. As well as the trip to the outback and to the Fleurieu Peninsula, we've had a number of large jobs closer to home, including an exciting day photographing the Clipsal500 in 360 degrees!

And we can now chat with you and share news on Facebook. We are enjoying being able to share photographs and live chats :) We've only been on Facebook for seven weeks and we already have 86 fans, so how about 'liking' our page and joining us? We'd love to see you at:

<http://facebook.com/Georama360DegreePhotographyandVirtualTours>

We hope life is good for you all and we are always happy to hear from you :)  
The Georama Team.
